

EHR Top 10 Ratings by Category

April 2015

- Top 10 Ratings are displayed for **Nationally Certified Ambulatory EHRs**.
- Ratings are dynamically generated as physicians, physician assistants and nurse practitioners complete an extensive survey administered by AmericanEHR Partners in conjunction with their professional societies.
- EHR systems are then ranked based upon their average score (out of 5) for each category or cumulative sub-categories.
- Product ratings are only viewable if an EHR product has received 10 or more verified clinician ratings.
- AmericanEHR Partners does not endorse any EHR products.
